

Nirantar UPS-1080V (1KVA)

iBall Nirantar 1KVA UPS-1080V with Double battery for extended backup. Electrifying recharge speed. The only UPS with 33% faster recharging. Superior reliability, coupled with advanced backup facility.

MRP : Rs. 5,999.00

Warranty : 2 Years

Features / Specifications

Features :	<ul style="list-style-type: none"> 1KVA Line-interactive design 33% Faster recharging Double battery for extended backup Equipped with Boost and Buck AVR to stabilize input voltage Wide input voltage range Auto restart while AC recovery Microprocessor controlled to guarantee high reliability Provides Discharge, Overcharge and Overload protection Built-in DC start function Generator / Inverter compatible
Capacity :	1000VA / 600W
Microprocessor Controlled :	Microprocessor controlled to guarantee high reliability
Input Voltage :	230VAC
Input Voltage Range :	140-300VAC
Input Frequency :	50 Hz
Output Voltage :	230VAC
Output Voltage Regulation (Batt.) :	±10%
Output Frequency Regulation (Batt.) :	50 Hz ±1%
Output Waveform :	Simulated Sine Wave
Battery Type :	12V, 9.0AH x 2 Nos.
Recharge Time :	6 hours max. (Recharge to 90% capacity)
Transfer Time :	4 - 8 ms.
LED Indicator :	Green, Yellow and Red LEDs for various indication modes
Audible Alarm :	Beeper with various beeper modes
Full Protection :	Discharge, overcharge, and overload protection
Power Outlets :	4 Outlets

Dimension (D x W x H) :	350 x 146 x 160 mm
Net Weight :	8.9 kgs.
Operating Environment :	0 - 90 % RH @ 0 - 40°C, (non-condensing)
Noise Level :	Less than 40dB
Warranty :	2 Years (1 Year for battery)
